Cloud collection

by **SANJA KNEZOVIĆ**

Cloud comes from a family of modular sofas, offering a large number of compositions, each adapted to a given space. Its morphology is defined by simple basic lines of a slightly lower armchair and an elevated armrest. The support made of cold foam reinforces its entire volume, while the feather-filled top provides extra softness and a sensation of relaxing 'on the clouds'. In combination with natural fabrics, the experience of relaxation and pleasure reached the maximum point.
